## Census 2020

In the coming days, your house will receive official Census Bureau mail with detailed information on how to respond to the 2020 Census online, by phone, or by mail. In May and June, census takers will visit houses that haven't responded to make sure everyone is counted. Be sure to respond so Norfolk receives funding for all its residents.

### Why is the Census important?

- The 2020 Census is more than a population count
- It's an opportunity to shape the future of your community
- The population totals from the Census determine the number of seats each state has in the House of Representatives
- States use the totals to redraw their legislative and school districts
- The population totals affect funding in YOUR community
- Data collected in the census helps decision makers know how your community is changing
- \$675B in federal funding is distributed to communities each year
